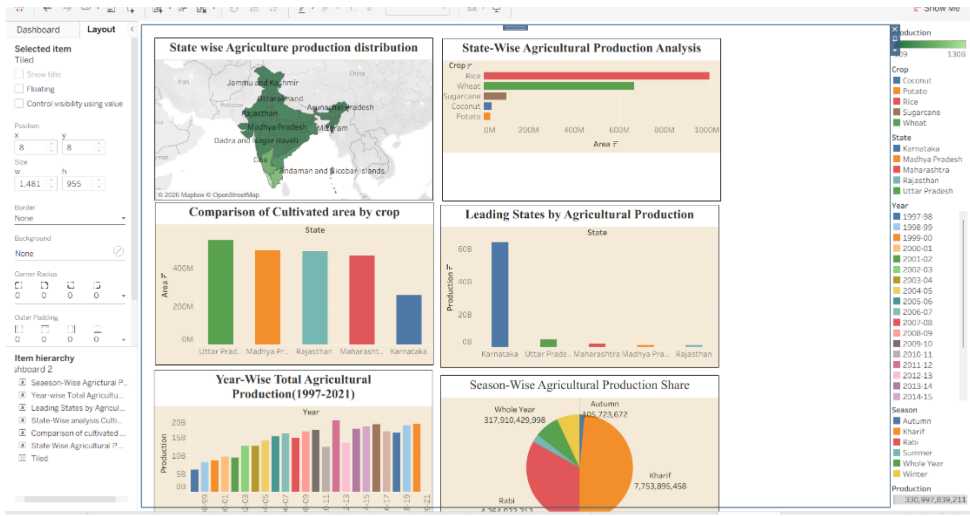
**Project Performance Test**

| | |
|---|---|
| Date | 5 July 2026 |
| Team ID | SWTID-2026-5356 |
| Project Name | India's Agricultural Crop Production Analysis |
| Maximum Marks | |

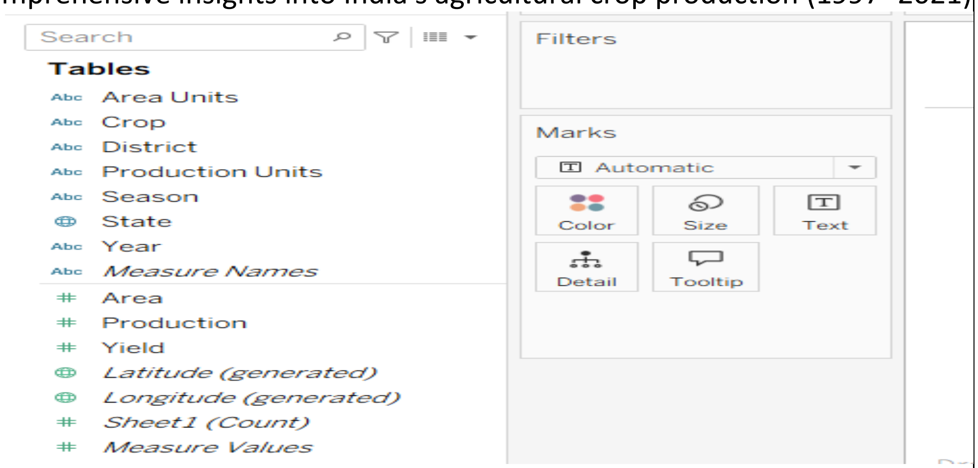
## Model Performance Testing:

| S.No | Parameter | Values / Description |
|---|---|---|
| 1 | Data Rendered | Successfully rendered 4 CSV datasets containing Crop Production, Area Analysis, Yield Analysis, and Season Analysis, providing comprehensive insights into India's agricultural crop production from 1997–2021 across states, districts, crops, and cultivation seasons.   |
| 2 | Data Preprocessing | Removed duplicate records, handled missing values, standardized column names, corrected inconsistent data formats, created calculated fields (Yield = Production/Area), and prepared India's agricultural crop production datasets for Tableau visualization.   |

<table>
<tr>
<td>3</td>
<td>Utilization of Filters</td>
<td>Interactive filters were implemented for State, District, Crop, Season, and Year, allowing users to dynamically explore production, cultivated area, yield, and seasonal agricultural trends through the Tableau dashboard.



</td>
</tr>
<tr>
<td>4</td>
<td>Calculated Fields Used</td>
<td>Created calculated fields for Total Production, Total Cultivated Area, Average Yield (Production/Area), Crop Count, State-wise Production, Seasonal Production, KPI Analysis, and Interactive Dashboard Visualizations to provide comprehensive insights into India's agricultural crop production (1997–2021)



</td>
</tr>
<tr>
<td>5</td>
<td>Dashboard Design</td>
<td>Developed 1 Interactive Tableau Dashboard containing 8 Visualizations including Production Trend Analysis, State-wise Production Map, Crop-wise Production Analysis, Season-wise Analysis, Area Cultivation Analysis, Yield Analysis, Top 10 Producing States, and KPI Cards for Total Production.</td>
</tr>
</table>

| | | |
|---|---|---|
| | |  |
| 6 | Story Design | Developed 1 Tableau Story consisting of 5 Story Points that explain agricultural production overview, state-wise crop production, year-wise production trends, cultivated area and yield analysis, and top 10 crops and states contributing to India's agricultural production.<br> |
